## ABOUT ME

I'm 27 years old, a Systems Analysis and Development student, and I'm currently transitioning careers. I'm looking for an internship or research opportunity where I can apply the knowledge I gained in college and personal projects, as well as develop my practical skills with modern technologies.

## PROFESSIONAL EXPERIENCE

2022-2024

**Application technician II  - Cargill Agricola**

Activities: handling, verification and maintenance of equipment such as UHT, continuous and discontinuous freezer.

2020-2022

**Quality Control Analyst Jr - Dohler Latin America**

Activities: bench analysis, preparation of samples for tasting test, gas chromatography (GC) and equipment verification.

## EDUCATION
